

Why donate to RMHC?

Meaningful, Measurable Benefits

Ronald McDonald House Charities Hong Kong (RMHC Hong Kong) conducted a survey of parents of sick children currently or previously staying in Ronald McDonald House (RMH)* to explore the difficulties they faced before moving into RMH, and the changes in their lives and emotional states after they moved in.

The survey revealed that RMH's family-centered care service model, an important extension of hospital care, provides comprehensive support and resources to help sick children and their families cope with difficulties. The survey findings underscore the positive impact RMH has on the lives of its residents with its unique combination of accommodation and support. Besides being the largest 'home-away-from-home' facility for families with chronically ill children staying in Hong Kong hospitals, RMH provides valuable psychological and social support.

Positive Change

This survey shows that RMH can bring positive impacts to sick children and their families, both physically and emotionally. RMH:

- ✔ Reduces travel time for parents, giving them more time to care for sick children
- ✔ Alleviates negative emotions in patients and their parents
- ✔ Promotes better family relationships, as parents have more time to care for other healthy children in the family
- ✔ Lightens families' financial burdens

為什麼要捐助麥當勞叔叔之家?

具意義、可量化的裨益

“ Build a second new House to complement opening of Children's Hospital
配合兒童醫院落成啟用 全力籌建第二新家舍 ”

- Move to a place near the Children's Hospital to facilitate treatment
- Build more RMH facilities in different districts to benefit more families in Hong Kong
- Increase the number of available rooms to shorten wait times

New House New Hope

Once it launches, the new House, together with the existing Shatin House, is expected to generate a substantial increase in operating costs. Since we do not receive government funding, these operating costs will be entirely financed by fundraising and donations from the community. We hope that you will stand with us in helping families of sick children through some of the most challenging times in their lives!

- 建議搬到兒童醫院附近，方便接受治療的兒童進出醫院
- 希望在香港各區多建幾間麥當勞叔叔之家，令更多有需要家庭受惠
- 增設更多房間，提供予有需要的兒童及家庭入住，縮短等候時間

新的家·新的希望

隨著新家舍即將落成，連同現有的沙田家舍，麥當勞叔叔之家慈善基金的營運費用將會大幅增加。由於我們沒有接受政府的資助，營運經費一分一毫全部來自籌募活動及社會捐助，我們希望得到各位的支持，與我們一起，幫助病童家庭克服生命中的艱難時刻！
